

5 Tips for Natural Skin Care, Black spot, Fair Skin, Glowing skin, Natural Masks, Pimple Care, Pimples, Skin Care Body Care for Women, Skin care tips

For Glowing skin

1. A facemask of egg white and honey gently removes the tan from your face.
2. Mix oats with honey, yogurt and ground almonds. Apply this in your face, leave it for five minutes and wash with lukewarm water.
3. Cucumber is a natural cleanser. Mix cucumber juice with milk and use it instead of a cleanser.
4. For oily skin, apply a mixture of grapes, lemon and egg white. Leave it for 20 minutes and rinse with warm water. While lemon acts as a natural cleanser, grapes will soften your skin and egg whites will tighten it. Don't be alarmed if your skin tingles.
5. Cut the lemon and rub the wedge all over your face. Leave it for about 20 minutes, then rinse off with cold water. This will refresh your face. Avoid doing this if you have dry skin.
6. Mix honey, lemon and vegetable oil .This mixture is a good moisturiser for dry skin. Apply this mask for 10 minutes.
7. Apply the mixture of honey and milk on the face . This will make your skin glow.
8. Prepare a mask by mixing a slice of pumpkin with egg yolk and milk. Let this mask set on your face for 30 minutes for a glowing skin.
9. Mix half-a-cup honey to your bath water for soft and smooth skin.
10. For a soothing body pack, prepare a paste of mint leaves and almonds. Mix it with warm
